Glovia International partners with the Supplier Excellence Alliance in the Aero-Manufacturing Group

Irvine, California – October 27, 2009 – **Glovia International, Inc.**, headquartered in El Segundo, California, is joining the **Supplier Excellence Alliance’s Aero-Manufacturing Group**.

SEA’s Aero-Manufacturing Group is an unprecedented partnership among “best-of-breed” advanced manufacturing technology companies that serve the aerospace industry. Its purpose is to create a “center of excellence” for aerospace manufacturing-related knowledge, education, and resources; to become the “thought leaders” for sharing of industry best practices.

The role of the group is to develop an ongoing and beneficial relationship with the aerospace, defense, and space supplier community; to promote SEA and SEA membership to suppliers; to provide guidance and direction to SEA suppliers on technology adoption, application, and optimization; to recruit and select members who are “best of breed” and capable of long term strategic partnerships. “This is a very exciting meeting of minds. We have a long history of supply chain cost reduction using innovative technology.” says James Gorham, Executive VP of Glovia International Inc.

Glovia International has been helping manufacturers to cut costs, improve productivity, and meet customer demands for over 30 years. Glovia is a leader in technology, functionality, service and value, but more importantly in expertise. Born in a complex manufacturing environment, thriving today in a complex manufacturing environment, Glovia knows how to solve the business challenges manufacturers face today.

SEA is an unprecedented aerospace and defense alliance led by sub-tier suppliers committed to accelerating supply chain performance. SEA provides a proven turnkey system for supplier development targeted to mid-tier aerospace and defense customers and provides an industry voice for suppliers on issues affecting supply chain performance. SEA also provides a platform for supplier visibility, performance improvement and collaboration. SEA is non-profit 501c6 funded by supplier memberships and sponsorships.

SEA partners and alliances include Society of Manufacturing Engineers (SME), National Defense Industrial Association (NDIA), International Aerospace Quality Group (IAQG), Society of British Aerospace Companies (SBAC) and California Space Authority.
