

Process Owner Forums

2010

Purpose

- The purpose of the Process Owners Forums is to share supplier best practices and support Process Owners in developing high maturity processes and eventual certification.
- Process Owners share information and network on process-specific learning

How They Work

- Forums are held online using telephone and web-based conferencing
- Forums are one hour
- Suppliers present best practices and documentation for process maturity
- One roadmap process is covered in each forum. Each stage roadmap process is scheduled each quarter.

Registration Process

- Go to the SEA website and register using this link
<http://www.seaonline.org/Briefings/index.htm>
- Register in as many sessions as you like.
- You will receive confirmation by email along with the phone number and URL for the web-based meeting
